

Divorce

no hidden costs, no nasty surprises

A unique approach

Openness, honesty and communication are key to any good relationship. That is why Viberts offer clients a transparent guide to the divorce process and fees.

As a client of ours, you will know where you stand and what to expect of the divorce process from the outset. Giving you one less thing to worry about during such a difficult time.

Benefits

Our unique approach comes with the following benefits:

- > **Clarity** of the process and your options
- > **Detailed scope of work** mutually agreed so you are fully informed
- > **Certainty** that your fees won't spiral out of hand
- > **Ability to budget** and set up a payment schedule that suits you
- > **Comfort and peace of mind** during a stressful time
- > **Efficiency** – both client and lawyer are incentivised to work within the agreed parameters
- > **Legal fees should be factored into the asset pool** before a financial settlement is reached. Lawyers sometimes fail to bring this consideration to their client's attention. Often it is not known how much more a matter will cost to finalise and it is difficult to predict how much it will cut into your settlement. This can lead to unexpected and unwelcome reductions in your assets.
